### **Lindsey Street Lane Closure -24<sup>th</sup> Avenue SW to Berry Road**

Beginning at 8 a.m. on Monday, Dec. 28, 2015, B&H Construction, under contract with AT&T, will begin working on a section of their duct bank located under the west leg of Lindsey Street and Berry Road intersection. This work will require closing the north half of Lindsey Street and shifting the traffic to the south half of the roadway. Weather permitting, this closure will reopened on Thursday morning, Jan. 7. Signs will be placed to direct the traveling public.

On Aug. 28, 2012 the citizens of Norman voted in favor of a bond issue to finance the local share of 8 projects. One of the projects is Lindsey Street from 24<sup>th</sup> Ave. SW to Berry Road. The proposed improvements are:

- Widening Lindsey Street from 3 lanes to 4 lanes with a raised median
- New bridge over Imhoff Creek
- Continuous sidewalks on both sides of the street
- Multi-modal improvements including bicycle lanes
- Aesthetic enhancements including decorative pavement, landscaping, and roadway lighting
- Underground utilities
- Accessibility to disabled individuals
- Improved drainage system on Lindsey Street

For questions, contact Chris Serrano, City of Norman Utility Coordinator, at 366-5265 or [chris.serrano@normanok.gov](mailto:chris.serrano@normanok.gov). For additional information on the Lindsey Street Project, visit [www.lindseystreetnorman.com](http://www.lindseystreetnorman.com).
