

Come and Experience the event of your lifetime!

“The South Canadian Amateur Radio Society” invites you to their field day. Amateur Radio Operators from all over convene to operate around the clock, making as many contacts around the globe as possible. This once a year event prepares amateur (Ham) operators for emergency communications when and if the need should arise. They operate with emergency power sources and portable equipment. Amateur (Ham) operators have provided Severe storm spotters for years! Check out our Get On The Air station, where we will put you on the air, to feel the thrill! We will be setting up at “Reaves Park” in Norman, on the east side of O.U. the corner of Jenkins Ave. and East Constitution on Sat. June 26<sup>th</sup>. There is No Age Requirement, and admission is free!

Check out our Web site at [www.w5nor.org](http://www.w5nor.org)

See you there!
