- 1. CONTINUED DISCUSSION REGARDING ELECTRICAL SERVICE IN THE DOWNTOWN AREA.**
- 2. MISCELLANEOUS PUBLIC COMMENTS.**

**TO:** Council Business and Community Affairs Committee  
**THRU:** Steve Lewis, City Manager  
**FROM:** Terry Floyd, Development Coordinator  
**DATE:** October 31, 2014  
**SUBJECT:** November 6, 2014 Meeting

  

Representatives from Oklahoma Gas and Electric (OG&E) will be presenting information regarding the Downtown electrical system and providing a proposed reliability improvement plan for the Downtown Norman area at the upcoming November 6<sup>th</sup> Council Business and Community Affairs committee (BACA) meeting . This information and presentation will serve as a follow-up to the discussion at the October 2<sup>nd</sup> meeting, in which the Committee requested OG&E representatives bring forward a proposed improvement plan and other information regarding electrical service in the Downtown Norman area for further Committee discussion and consideration.

Recently, representatives from OG&E, Committee Chair Greg Heiple and the City Manager's office have met to discuss a proposed improvement plan and subsequent documentation that will be presented to the Committee at the November meeting. The plan and information are currently being finalized by OG&E and will be distributed as soon as it is received.

If you have any questions in advance of the meeting, please feel free to contact me.
