**Subject:** PRESS RELEASE 12/16/15 - Traffic Signal Cabinet Replacement at Elm Ave and Boyd St

## **PRESS RELEASE**

**City of Norman**  
**201 West Gray**  
**Norman, Oklahoma 73069**

For Immediate Release: December 16, 2015

Contact: David Riesland, City Traffic Engineer, 329-0528, [David.Riesland@NormanOK.gov](mailto:David.Riesland@NormanOK.gov)

### **Traffic Signal Cabinet Replacement at Elm Avenue and Boyd Street**

The City Traffic Control Division will be replacing the traffic signal controller cabinet at the Elm Avenue intersection with Boyd Street on Monday, December 21, 2015, weather permitting. After 9 a.m., the intersection will be controlled by a 4-way STOP sign. Signal operation should be restored by 12 p.m.

The City of Norman has an annual program to replace and upgrade three (3) traffic signal controller cabinets each year which is intended to improve the reliability, technology and maintainability of the City's system of nearly 150 traffic signals. This cabinet replacement is the first cabinet from the FYE 2016 cabinet replacement program.

For additional questions, contact David Riesland, City Traffic Engineer, at 329-0528 or [David.Riesland@NormanOK.gov](mailto:David.Riesland@NormanOK.gov).
