Norman, Oklahoma 73069

For Immediate Release: January 5, 2016

Contact: John Clink, Capital Projects Manager, 366-5424, John.Clink@NormanOK.gov

Closure of 24th Avenue SW at Briggs Street Intersection **(I-35/SH-9E and Lindsey Street Interchange Reconstruction Project)**

On Wednesday, January 6, 2016, Sherwood Construction under contract with ODOT will close 24th Avenue SW at Briggs Street which is located south of Lindsey Street. The contractor will begin constructing the Lindsey Street storm water box culvert across 24th Avenue SW requiring complete closure of 24th Avenue SW. 24th Avenue SW, both north and south of Briggs Street, will be open to local traffic; however, there will be no through traffic on 24th Avenue SW at the intersection of 24th Avenue SW and Briggs Street for the next four weeks. Weather permitting, total construction time for this portion of the project is estimated to be four weeks allowing 24th Avenue SW to be reopened to through traffic by Friday, February 5, 2016. The detour route during the temporary closure of 24th Avenue SW is McGee Street between Lindsey Street and State Highway 9. Signs will be placed to direct the traveling public.

Additional questions may be directed to Mr. John Clink, Capital Projects Manager, City of Norman, Department of Public Works, at 366-5424 or John.Clink@NormanOK.gov. For additional information on the Lindsey Street Project, visit www.lindseystreetnorman.com.
